Postman

Additional Details

Leadership
Excellent Communication Skills
Team management

Strengths

- Full Stack Developer having strong knowledge in building spring boot application with spring cloud microservice architecture.
- Worked on Spring boot Application, JWT authentication, Swagger UI and Eureka Server.
- Can Preplan the work to be completed and work on deadlines to be accurate.
- Eager to work in a team of dedicated people and serve a key role in the enhancement and development of the project.
- Interested to learn new technologies and implement them to further improve my knowledge.

Achivement

Hotel Management System

Completed end to end case study of Hotel Management System Application using JWT authentication, Swagger, Eureka Server, Twilio SMS, Unit testing, and payment gateway in Spring Boot Application. React UI with all the working functionalities.

Application is from hotel point of view which has three end users who can access the different rest API's based on the restrictions provided by client.
